## Introduction

The Meditation Scriptures in this booklet are a small portion taken from my Meditation files. Altogether, there are 16 hours worth of meditation Scriptures in my files. The following extracts are from the general portion that covers blessings, prosperity and healing. Reading them out loud should take approximately one hour for a slow reader to half an hour for a fast reader. I did one full year of Word fast from 1978 to 1979 where I read nothing but the Word – no other books, no newspapers or TV or magazines. During the midst of this Word saturation period, as I was reading the Meditation Scriptures to myself, something supernatural came over me and my mind was touched and transformed. The closest description I can find of that experience is when Jesus touched the disciples in Luke 24:45 and opened their understanding that they might comprehend the Scriptures. From that day on, I saw and understood things in the Bible that I never understood before.

The extracted meditation Scriptures in this booklet are especially mean for those who are in the professional life and business people. There have been testimonies of those who require healing that have been blessed, too. I have released these as there have been a lot of requests for more Meditation Scriptures by those who have been using the Volume 1 of these series. I have added some expressions of my own in personalising the Scriptures but they remain faithful to the general context of the verses. They are exactly as I have used them during my one year of saturation in the Word in 1978 to 1979 (as described in my book, 'The Road to Glory').

Please do not forget that prosperity is from the spirit, and then in the soul before it flows into the natural (3 John 2). God did not call everyone to be a millionaire for that is a special gift and talent that He gives to some; so please do not try to be what God never meant you to be. He did promise to meet all our needs and add blessings to us when we put Him and His righteousness first (Phil. 4:19; Matthew 6:33). If you do have such a call, then these Scriptures will help you achieve your calling but remember that God would definitely deal with your selfishness and motives first.

In the end it is not natural blessings that we will bring to heaven but it is the transformation and development of our spirits and souls that we bring with us into heaven. May your inner man grow stronger through these Scriptures, rooted and established in the love of Christ.

God bless
